

Do you live with myalgic encephalomyelitis (ME)?

The Scottish Health Council is looking for people who are living with a diagnosis of ME to give their views about what support they would like to see in place.

These views will be used to help the Scottish Government to address particular gaps in knowledge and understanding about the care and support needs of those who are affected.

If you would like to be involved in this piece of work, you can complete an online survey at:

<https://www.smartsurvey.co.uk/s/MyalgicEncephalomyelitisSurvey/> or by scanning the QR code below. Closing date is 24 March 2020.

If you would prefer to take part in a telephone interview, participate in a face to face discussion or wish to receive a postal survey, please contact our local office using the details below.
